

PRODUCT DESCRIPTION

The Flex ergonomic chair reduces the feeling of pressure on the pelvis, wrists and back. It converts quickly from a low seated chair into a work stool simply by adjusting the tilt of the backrest.

“ The Flex allows for two positions for work at different heights and areas. Positions adjust easily and rapidly for tasks in motion. It also promotes mobility of the lower limbs and torso. ”

ENVIRONNEMENTS & BENEFITS

- ✓ Aerospace
- ✓ Industrial / Mining
- ✓ Transport
- ✓ Pharmaceutical industry
- ✓ Food industry
- ✓ Manufacturer / Production
- ✓ Adjusts rapidly for full back support at all times
- ✓ Promotes better blood circulation in the lower limbs
- ✓ Reduces demand placed on upper limbs by providing easy access to tasks

WARRANTY POLICY

LIMITED LIFETIME GUARANTEE – ERGONOMIC PRODUCTS: Synetik design guarantees all their products against manufacturing defaults for a full ten (10) years following the date of purchase. The frames of the stools, the pneumatic cylinder and all fixed features of the stool are guaranteed for life. Any moving mechanical parts are covered for ten (10) years. This guarantee does not apply to products needing replacement due to normal wear and tear, due to negligence, obvious abuse, or any damage caused in transport or any use of the product not in conformity with the included instructions and hazard warnings. Synetik design offers no other guarantee against wear other than the applications indicated within this document. Synetik design will not be held responsible at any time for any damages received, interests accrued, direct or indirect losses, incidental or consequential losses, repeated losses or damages. This guarantee applies only to regular use, meaning a standard eight (8) hour work day, and for use by an individual with a maximum weight of 350lbs.
