PRODUCT DESCRIPTION

The SYNERGO II is a 24h ergonomic chair that reduces muscular effort and discomfort. It respects the alignment of the body and favored an excellent posture for the worker. It also offers many options and configurations in order to optimize your work environment. This chair is ideal for workplace with continuous operation. Its fireproof material is appropriate for multiple work environment.

ENvironments & Benefits

- Welding
- Aerospace
- Industrial / Mining
- Transport
- Manufacturer / Production

- Multiple seat adjustments promote comfort and ergonomics (angle, height, depth)
- Backrest height and angle adjustments for optimal lumbar support
- Armrest adjustments ensure proper upper limb positioning (width, height, depth)
- The backrest is made up of three parts; the shape provides back and lumbar support

24h workstations must meet the comfort requirements of various workers of different sizes. This chair promotes muscle and joint mobility for comfort during long work periods. The quality and durability of this product increase worker concentration and performance.

## Warranty Policy

**Limited Lifetime Guarantee – Ergonomic Products:** Synetik design guarantees all their products against manufacturing defaults for a full ten (10) years following the date of purchase. The frames of the stools, the pneumatic cylinder and all fixed features of the stool are guaranteed for life. Any moving mechanical parts are covered for ten (10) years. This guarantee does not apply to products needing replacement due to normal wear and tear, due to negligence, obvious abuse, or any damage caused in transport or any use of the product not in conformity with the included instructions and hazard warnings. Synetik design offers no other guarantee against wear other than the applications indicated within this document. Synetik design will not be held responsible at any time for any damages received, interests accrued, direct or indirect losses, incidental or consequential losses, repeated losses or damages. This guarantee applies only to regular use, meaning a standard eight (8) hour work day, and for use by an individual with a maximum weight of 350lbs.
