

PRODUCT DESCRIPTION

The TA180 is the first ergonomic sit/stand chair developed by the company. This chair is designed to improve worker well-being during tasks on elevated surfaces. It reduces foot and leg discomfort during prolonged tasks while standing. Height and seat angle adjustments ensure maximum user comfort.

“ This sit/stand chair allows a dynamic and upright seated posture. Unlike a standard chair or stool on which weight is mainly distributed on the buttocks and intervertebral discs, the seat of the TA200 tilts to maintain a neutral spinal position. ”

ENVIRONNEMENTS & BENEFITS

- ✓ Pharmaceutical industry
- ✓ Food industry
- ✓ Aerospace
- ✓ Industrial
- ✓ Industrial /Mining
- ✓ Transport
- ✓ Production
- ✓ Eliminates lower limb muscular fatigue by improving venous return and by reducing pressure in the lumbar region
- ✓ Allows rest periods during tasks requiring prolonged standing
- ✓ Favors optimal pelvic tilting for reduced compression of the spinal and lumbar regions

WARRANTY POLICY

LIMITED LIFETIME GUARANTEE – ERGONOMIC PRODUCTS: Synetik design guarantees all their products against manufacturing defaults for a full ten (10) years following the date of purchase. The frames of the stools, the pneumatic cylinder and all fixed features of the stool are guaranteed for life. Any moving mechanical parts are covered for ten (10) years. This guarantee does not apply to products needing replacement due to normal wear and tear, due to negligence, obvious abuse, or any damage caused in transport or any use of the product not in conformity with the included instructions and hazard warnings. Synetik design offers no other guarantee against wear other than the applications indicated within this document. Synetik design will not be held responsible at any time for any damages received, interests accrued, direct or indirect losses, incidental or consequential losses, repeated losses or damages. This guarantee applies only to regular use, meaning a standard eight (8) hour work day, and for use by an individual with a maximum weight of 350lbs.
